This list describes only a small fraction of our large stock of camellias. We grow at least 700 varieties including all the older favorites and most of the late releases of the entire camellia world. Mail us your want list.

We have quite a collection of miniatures including our own **Alison Leigh Woodroof, Fleurette, Florence Daniell, and Rosy Posy**. Also species *fraterna, irrawadiensis, maliflora, miyagii, pitardii, purpurea, rosaeiflora, saliciflora, saluenensis, tenuiflora, transnokoensis, tsaii, vernalis*, and hybrids **Big Mo, C. F. Coates, Citation, Donation, E. G. Waterhouse, Lady Gowrie, Lammerts, Margaret Waterhouse, Mary Christian, Phyl Doak, Salutation, Shocking Pink**, and others.

We also propagate 80 varieties of *sasanquas* and *hiemalis* including our own originations such as **Bill Wylam, Bonsai Baby, Charmer, Cherie, Christmas Candles, Elfin Rose, Gossamer Wings, Wave Crest, and Winsome**.

We are careful to ship only healthy plants, correctly labeled and properly packed. If any mistakes are made, our liability is limited to the purchase price of the plants.

Shipment to Alabama, Florida, Georgia, Louisiana, Mississippi, North Carolina, South Carolina, Tennessee, and Texas will be bare-rooted and repacked in peat moss. This limits our shipping dates to these states from November to April. We can safely ship elsewhere the entire year. California customers must add 4% sales tax.

On orders under \$20.00 add \$1.00 per plant for packing.

We suggest membership in the **NATIONAL AGRICULTURAL LIBRARY** California, and your local camellia societies. **RECEIVED**

ADELE CLAIRMONT

The most exquisite light pink formal that we have seen. It is an extremely beautiful medium large flower produced on a vigorous, compact, upright bush. Midseason.

PARIS PINK

Warriner Lytle of Glendale grew this fine seedling and it always attracts much attention when displayed. A large silvery rose pink of a formal to rose form double. A good grower that blooms a very long season.

RICHFIELD

A show flower that will soon be adorning the Court of Honor tables. An extremely large rose red semi-double of flat form. Vigorous, compact, upright growth. Midseason.

All of the above:

1st yr. 1 gal. container grown \$10.00, 2nd yr. \$12.50,
Scion \$5.00

SAMARKAND

This camellia has a definite oriental look in its form and color. A large flower of a bright coral rose red with large blotches of white. The form is semi-double with folded petals and irregular petaloids. Midseason. 1st yr. 1 gal. container grown \$10.00

AMIGO

This miniature is a coral rose color anemone form with yellow stamens. A row of guard petals surrounds a ring of stamens which in turn surrounds a ring of petaloids. Vigorous, compact, and upright. Midseason.

DEMI-TASSE

As its name suggests, this miniature has a cup-in-saucer form with a row of petaloids between the cup and saucer. Color is a warm peach blossom pink. Many flowers on vigorous compact upright plant. Midseason.

SNOW FAIRY

A most interesting white miniature produced on a very good bush. A formal double which will show a few stamens as the season progresses.

TIKI

An anemone form miniature in a lovely rose salmon color. Its petaloids are white streaked and edged with rosy salmon. Plant is upright and compact and of vigorous growth. Midseason.

All of the above:

1st yr. 1 gal. container grown \$6.00, 2nd yr. \$7.50,
Scion \$2.00

AVALON (WILLIAMSII X JAPONICA)

A hybrid of unusual color and form. It is a large rose pink with a cerise overlay, semi-double with notched and irregular petals. The center petals form an irregular funnel. The handsome bush is compact, vigorous, and upright. Midseason.

1st yr. 1 gal. container grown \$7.50, 2nd yr. \$10.00,
Scion \$3.00
